Based on a Fortune 300 CEO’s remarkable 40-year leadership journey, #TheBlueprint combines true and tested exercises for self-discovery with the most current science on habit-building to create the quintessential treatise and manual on leadership for our times. <https://www.amazon.com/Blueprint-Practical-Steps-Leadership-Heights/dp/1119560020>

Want to lift your leadership game but feeling swamped with competing priorities and never-ending to-dos? #TheBlueprint helps you get better with small steps that fit into your busy life. The rallying cry of the book is “Forget Perfection.” I’m excited to get started. <https://conantleadership.com/blueprint/> #ProgressNotPerfection

The big idea in #TheBlueprint is: Your life story IS your leadership story. Your work life and your “real” life don’t have to be compartmentalized. With 6 practical steps, this book helps leaders unlock their unique skills and beliefs so their leadership can become a true and full expression of who they really are. <https://conantleadership.com/blueprint/>
